EXPRESSION OF INTEREST

EMHS Research Advisory Committee (RAC) Members

The East Metropolitan Health Service (EMHS) is seeking expressions of interest (EOI) to join its Research Advisory Committee (RAC) from January 2027.

The RAC is a focused group of research-active or engaged EMHS staff, partner representatives and consumers that provides strategic advice to the EMHS Area Executive Group (AEG) and Board, and works to strengthen research and clinical trial capability, partnerships and culture.

Who we are seeking

We welcome interest from people at all career stages, from emerging researchers to experienced leaders in the field, and across all specialities and roles, including people whose work involves research support.

Extensive research experience is not essential. We are looking for people who are enthusiastic about research and clinical trials and who bring curiosity, practical ideas, differing perspectives, relevant experience and/or connections, and a willingness to work to make research easier to do.

Members are appointed as individuals rather than to represent a particular hospital or service, profession, specialty or organisation.

Commitment

Members are appointed for a three-year term. The positions are unremunerated.

The RAC meets quarterly in March, June, September and December, with attendance either in person at Royal Perth Hospital or online.

Members are expected to prepare for and actively participate in meeting discussions, share ideas, identify opportunities, challenges and solutions, and work collectively and individually to progress the RAC's work, including setting annual goals and tasks for the RAC.

Members may opt to contribute to out-of-session tasks, working groups, and event attendance depending on their availability.

How to submit an EOI

Online applications should take approximately 5-10 minutes. We are interested in what you can bring to the RAC rather than lengthy responses.

EMHS staff complete the INTERNAL EOI online form, including uploading your CV.

External applicants Complete the EXTERNAL EOI online form and CV link.

Applications close: 25 November 2026 at 17:00
