

Are you a mental health service provider who wants to deliver an Enhanced Primary Mental Health service in Byford?

The Byford Health Hub is seeking to establish a tenancy agreement (Licence) with a suitably qualified non-WA Health Service provider for the provision of an Enhanced Primary Mental Health Service (EPMH) to operate at the future Byford Health Hub (BHH or 'the Hub'), anticipated opening late-2026.

The EMPH is aiming to provide needed support in Byford for those who may be experiencing mental distress.

What the EPMH service provider will bring to the Hub:

- A service that is fit to meet the growing need of primary mental health in the Shire of Serpentine Jarrahdale, where Byford is located.
- Services that support early identification and intervention for signs and symptoms of mental health distress.
- The intention to provide services that are financially accessible to the consumer with the goal being low cost or no cost.

The Hub aims to provide an innovative approach to service delivery, where services are connected in the way they run to support a coordinated experience for the consumer, across all levels of care. The Hub will deliver a place-based model of health and social care tailored to the needs of the Shire of Serpentine Jarrahdale. The Hub will provide the opportunity for service providers to utilise full-time or sessional space, alongside East Metropolitan Health Services (EMHS) services, that are positioned to meet the needs of local community now, and as it evolves into the future. Services are expected to include urgent care, mental health, child and adolescent health, aged and disability supports, allied health, as well as a range of other community health and social services.

To respond to the Request – Licence for an Enhanced Primary Mental Health Service to Operate from the Byford Health Hub, please visit [Tenders WA / Display Tender EMHSBHHR042024](#). For more details, please see [East Metropolitan Health Service - Byford Health Hub](#).

****Please pass this information onto the appropriate person within your organisation. If appropriate, please pass onto your networks.**

With thanks from the Byford Health Hub Team

East Metropolitan Health Service recognises the Whadjuk People of the Noongar Nation as the Traditional custodians of the land which we live, learn and work on today. We acknowledge that the Whadjuk people have a continuing spiritual and cultural connection to this land and pay respect to Elders past, present and future.
