

# Community Pharmacotherapy Program

## TRAINING FOR MEDICAL/NURSE PRACTITIONERS AND PHARMACISTS

Community Program for Opioid Pharmacotherapy (CPOP) training is available to upskill medical/nurse practitioners and pharmacists in the provision of evidence-based treatments for opioid dependence. Treatment can be prescribed by CPOP authorised medical/nurse practitioners and delivered by authorised CPOP pharmacies.

**Health professionals can access prescriber or pharmacist training online at [aodelearning.mhc.wa.gov.au/cpop](https://aodelearning.mhc.wa.gov.au/cpop)**

Training is provided free of charge and accredited for continuing professional development. CPOP prescribers and pharmacists have access to CPOP Advice & Support (CAS) and assistance from the Community Pharmacotherapy Program.
